DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 13-14, 16, 18-21, 23, and 25-26 are rejected under 35 U.S.C. 102(e) as being anticipated by Kikinis et al. (US 6,523,079).

Regarding claims 13-14, 16, 18-21, 23, and 25-26 Kikinis et al. disclose a memory card reader comprising: a housing 100 defining a slot shaped 149 and dimensioned to receive a first memory card 10 therein, and a memory card storage mechanism 147 to store at least one second memory card 16 therein; and an electronic component 55 to read the first memory card 10. The storage mechanism 147 is defined by a recess formed in the housing 100, the recess being shaped and dimensioned to receive the second memory card 16 therein. The storage mechanism 147 is defined by a second slot shaped and dimensioned to receive the second memory card 16 therein wherein the storage mechanism 147 further comprises a memory card retaining mechanism to retain the second memory card in the slot therefor.

Allowable Subject Matter

3. Claims 15, 17, 22, and 24 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

The following is a statement of reasons for the indication of allowable subject matter: the prior art fails to show that a part of the housing adjacent the recess is cut-away to define a gap into which a finger can be inserted to facilitate removal of the second memory card from the recess or that the storage mechanism comprises a card ejector mechanism to facilitate removal of the second memory card from the second slot.

Response to Amendment

4. Applicant's arguments with respect to new claims 13-26 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
